- ✓ Prevents incontinence-associated dermatitis (IAD)
- ✓ Unique combination of dimethicone and allantoin
- ✓ Fragrance- and colorant-free
- ✓ Unique all-in-one skincare ointment: provides moisture, nourishes, and protects

### Product Description

ABENA's Skincare Ointment with 41% lipids is ideal for very dry and irritated skin. A series of tests have shown that the composition of ingredients helps maintain the skin's natural moisture balance for up to 24 hours.

The ointment also creates a protective barrier, which improves the skin's structure and helps regenerate damaged skin. Another benefit is that these properties help prevent incontinence-associated dermatitis (IAD).

Our unique skincare ointment contains both dimethicone and allantoin, which is the perfect combination for a really good all-round ointment. The ointment does not contain any colorant or perfume.

### Specifications
