

V7 14.0" Privacy Filter for Laptop - 16:9 Aspect Ratio

PS140W9

SKU: CA04258

V7 Privacy Filters are an excellent choice for open, high-traffic environments or wherever you need enhanced data privacy. Screen data is visible only when viewed from directly in front of the display - without blurring or distortion.

The filter darkens the screen when viewed from indirect angles, hiding your screen from prying-eyes, plus the high-gloss finish brightens and sharpens contrast while providing additional protection for your LCD screen against dust, fingerprints, and scratches.

Simple to attach and use, V7 Privacy Filters are available in a variety of sizes to fit most PC laptop and desktop displays. Backed by a two-year warranty.

- 60 degree angle of protection, Secure your information
- Darkens on-screen information when viewed from various side angles, Keep your screen confidential
- High-gloss finish sharpens contrast and helps to protect fragile LCD screens from scratches and damage
- New FLIP sticker attaching tabs - designed especially for thin notebooks
- Also includes Microfiber Cleaning Cloth and other Mounting Tabs
