SUN-FLEX®OFFICECHAIR MESH

SUN-FLEX®
Active Workplaces

PRODUCT INFORMATION

With its combination of adjustability and comfort, SUN-FLEX®OFFICECHAIR MESH offers a premium experience. Perfect for anyone who values their well-being and seeks a chair that can be customized to meet individual needs, while providing a sleek and modern appearance.

The mesh backrest offers both cooling, support and ventilation, contributing to a comfortable seating experience. The mesh fabric adapts to the natural curvature of the spine, providing flexible yet stable support. It helps maintain comfort, allowing you to better focus on your work.

SUN-FLEX®OFFICECHAIR MESH offers a variety of adjustment options that allow it to be tailored to your personal preferences. With a height-adjustable backrest, 4D armrests, and adjustable seat depth, the chair can easily be set up to fit your body perfectly. Tilt lock and adjustable back tilt allow you to vary your sitting position throughout the day, which is important to keep muscles active and reduce the risk of stiffness and discomfort.

The perfect chair for those seeking ergonomics, style and customizable comfort all in one!
