- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

makes the difference

TAWIP vioclean F

green-Effective® Floor cleaner and -care

■ Increased user safety ■ High slip-resistance ■ Perfume & dye free

Product profile

- TAWIP vioclean F is a floor cleaner with extra care effect and exceptional environmental properties, which contains no perfume or dye. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing work safety, TAWIP vioclean F assures perfect cleaning results at low use concentration.
- The natural coconut fat soap in the formula protects floors from leaching effects and leaves a protective film with antistatic effect, reducing the danger of slipping in compliance with DIN 18032-2.
- Majorly composed of renewable resources and by the complete waiving of perfume and dye, TAWIP vioclean F takes on the responsibility for future generations.

Area of application

- TAWIP vioclean F is ideally suitable for mechanical and manual maintenance cleaning of all water-resistant floors in objects demanding highest floor care and slip resistance. Perfectly suitable for use on PVC, linoleum, rubber, stone as well as oiled and waxed wooden floors, e.g. in schools, nursing homes, administrative buildings or gymnasiums.
- Do not use on unsealed wooden flooring.
- TAWIP vioclean F is the ideal cleaner for large areas, e.g. airports, underground railway stations, retail stores, supermarkets, shopping malls or DIY stores.

Product safety, storage and environmental instructions

Safety: For professional use only. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container. Keep from freezing.

Environmental: For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Manual floor cleaning: Mop the floor with a clean mop.

Large areas: Can be applied in auto-scrubbers.

Spray cleaning: spray thinly and evenly on the floor, treat with a single disk machine.

Initial care: with soil-release-effect: wetwipe the uncoated floor. Polish after drying.
