

REUSABLE CERTIFICATE

We declare that the below-mentioned products supplied by Guillin Polska Sp. z o.o. manufactured from PS (polystyrene) and PP (polypropylene) raw materials have received a positive test evaluation in terms of resistance of kitchen utensils to mechanical washing (125 test cycles) at 65°C and meet the requirements for reusable packaging.

The tests were carried out in accordance with EN 12875-1 and 12875-2 standards in an accredited laboratory with accreditation certificate No. AB 079.

These products are reusable in accordance with EN 13429:2004.

- in green are items added to the current certificate vs. the previous one

- in yellow are the containers that were representative of the range during the tests
