Statement: “conflict minerals”

Avery Zweckform GmbH does not intentionally add any of the following metals

- Gold
- Tin
- Tantalum
- Tungsten

in the manufacturing process of the article KF02158. This information provided is based on our knowledge of supplier surveys.

We can't guarantee zero percentage for the substances, due to the fact that many substances are present in nature and that many substances could become part of materials/products/articles through means beyond our control. Avery Zweckform products are sold with the express requirement and understanding that the customer is solely and exclusively responsible for testing them and for ensuring the product (as a whole and in its constituent parts) conforms with the intended use and particular desired characteristics. Furthermore, with the ongoing development of analytical tools and protocols, it could be that substances that can not be detected today, could be detected tomorrow. All express or implied warranties of merchantability, fitness for a particular use, and presence of certain substances are disclaimed.

i. A. Regina Obermaier
Compliance & Development Manager

Disclaimer: This information is based on our latest knowledge and experience. The information is for guidance only and is subject to change without notice. We assume no liability for damage caused by use. This statement is not an express or implied warranty and is intended for Avery Zweckform customers only and may not be disclosed to third parties. We cannot assume any liability for the use of our products in connection with other materials and products. The customer must carry out his own qualification and suitability tests before use. Testing the suitability of Avery Zweckform products as part of the individual customer application is the sole responsibility of the customer.
